Docket Position: Against

Insulting they would request a rate hike. Have done nothing to improve the quality of the water or install fire hydrants so the fire department could fight a fire rather than wet down adjacent structures to keep them from also burning to the ground. This is a perfect example of unmitaged GREED. Sure, I want a 30 % pay raise myself, but it is not coming. Less than half of the residents ever use any water or very little, yet pay the excessive minimum and the outrageous "service charge" for absolutely nothing. It is the resident's water, beneath our homes and we are to fund the companie's new vehicles and retirement income. It is unconscencible. AGAINST, AGAINST, AGAINST!!!!
